

Airflow Developments Ltd RoHS Compliance Statement

RoHS Directive – 2011/65/EU

Airflow is fully committed to complying with the European Union Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (EEE).

We hereby declare that based on the information available and supplier declarations, current materials and components used to produce our products do not exceed the allowable amounts of the following restricted materials stated in the European Union Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (EEE):

- **Lead (Pb)** – Not more than 0.1% by weight
- **Mercury (Hg)** – Not more than 0.1% by weight
- **Cadmium Cd)** – Not more than 0.01% by weight
- **Hexavalent Chromium (Cr6+)** – Not more than 0.1% by weight
- **Polybrominated Biphenyls (PBBs)** – Not more than 0.1% by weight
- **Polybrominated Diphenyl Ethers (PBDEs)** – Not more than 0.1% by weight

Our commitment to environmental responsibility ensures that our products meet these requirements, and it is the policy of Airflow to continuously monitor and audit our supply chain to ensure that all current and future products are compliant with the RoHS Directive.

Any alterations or modifications made to Airflow's products without prior consultation and agreement with Airflow invalidates this declaration.
